

Job Title: Plastics Operator

Termax Corporation is a dynamic manufacturing and engineering company specializing in metal and plastic fastener solutions. While we primarily service the automotive industry, our products and services are used by many organizations that require quality engineered clips and fasteners. Our future as well as our customer's futures is dependent on new, innovative fastening system designs. Versatility of design along with our dynamic capabilities to integrate metal, rubber, and plastic components gives us that winning edge to solve the challenges of our customers.
