JOB TITLE: Packaging Team Lead
DEPARTMENT: Warehouse
REPORTS TO: Assistant Manager, Warehouse
FLSA STATUS: Non-Exempt

Job Description Summary

The Packaging Team Lead is responsible for coordinating the activities of the packaging, kitting operation and leads the packaging process for spare parts. This position will provide packaging recommendations related to materials selection, assembly and process flow as well as assist in the overall development of the packaging and kitting operations to seek continuous improvement and maximum efficiency. This department will require the Lead to make some independent decisions regarding the planning, organizing, and scheduling of the work involved.

Duties and Responsibilities

- Assist in supervising and coordinating activities with packing product and preparing weekly customer orders
- Monitor the packing of all materials, ensure materials are packed correctly based on the packaging specifications
- Establish and maintain standard productivity rate for packing by product
- Perform process time-studies to determine cost basis and measure for improvement
- Operate various packaging machines and technology to be able to troubleshoot, label, seal and wrap product
- Maintain established KPI's and make additional refinements
- Set-up packaging equipment and establish process guidelines
- Recommend packing materials and assembly procedures to establish newly packaged parts specifications
- Monitor and maintain packaging material supplies and adhere to 6S warehouse standards
- Routinely enter and extract data from the appropriate computer system and software
- Assist in formalizing, standardizing and documenting all existing packaging specifications
- Research, introduce and promote packaging improvements that make our packaging more efficient while maintaining quality expectations
- Train, motivate, and monitor performance of the packaging team and/or outside temporary labor to ensure appropriate process, quality and quantity of work and provide constructive feedback as necessary
- Assist Warehouse Manager in establishing new processes for warehouse improvements
- Performs other duties as assigned such as packaging of outbound shipments during slower business periods
- Drive forklift in a safe manner ensuring loads are stable and secure
- General housekeeping which includes sweeping, dusting, and mopping
- Maintain an organized and secure work environment
- Support co-workers in other departments as needed
- Inform Manager of all noteworthy activities and follow chain of command
- Follow safety guidelines and department and corporate policies and procedures

Authority

Assists in the oversight of Warehouse staff
