

# Start working in movies!

Filmmaking is happening all over Illinois, not just in Chicago. Films and television shows are looking for folks to be background actors in upcoming projects. From movie stars to local filmmakers and everything in between, right in your backyard.

***We need you.***

## Talent Pool

We are creating a pool of people who would like to be considered to be in these films. From background actors to roles with lines, we're helping filmmakers find the people they're looking for. You do not need to have any previous experience and this doesn't cost you anything. If you book a role, they'll pay you!

## How It Works

When films are looking for folks to be in them, we will email the talent pool with the shoot information, you'll get back to us if you're available, and we'll reserve a slot for you on set.

## Who We Want

Everyone! Anyone who's ever wanted to be in a film is welcome to join our talent pool. All ages, genders, ethnicities, body types - we want to see everyone. You do not need previous experience, just a photo and a way for us to get in touch with you.

## Time Commitment

So, when will we need you to come to set? It depends on the project! We'll send out emails letting you know we are casting a project, and if you're available for the dates, you can request a slot on set. Some shoots are short, but we always tell folks to plan on being on set for a full day. If you can't make a day, don't worry. We'll keep trying to get you in the next project.

## Paid Work

Like we said, this doesn't cost you anything. When you book roles with us, the films will pay you to be there.

The rates will vary from one project to the next, so we'll let you know the dates, times, and rates when we reach out to book you.
