Job Description:

The City of Naperville's Electric Utility is currently seeking a Utility Engineering Manager to supervise a cross-functional engineering team. The Utility Engineering Manager will mentor, manage, and oversee the work of the engineering team within the Utility. They will also manage external contractors and consultants as needed to meet the Utility's goals. Finally, they will set and manage the Utility's Capital Improvement and O&M budget for the section each year.

The anticipated hiring range for this position is \$150,707.46 – \$165,778.20 per year commensurate with credentials and experience. The Pay Grade for this position is E280. For additional information, please [click here](#).

Responsibilities:

- Develops engineering section milestones and goals.
- Develops and manages the 5-year capital and O&M budget for the engineering section.
- Leads complex engineering projects.
- Reviews and approves all engineering designs for the section.
- Establishes and maintains relationships with external vendors, contractors, and consultants.
- Directly supervises senior engineering staff.
- Identifies and solves process flow problems to keep projects on time and on budget.
- Acts as a subject matter expert on engineering, utility planning, and construction processes.
- Performs all other duties as assigned.

Qualifications:

Required

- A Bachelor's Degree in Electrical, Civil, Mechanical, or another Engineering-related field.
- 5+ years of work experience in a related field.
- A valid State of Illinois driver's license.

Preferred

- A Master Degree or Professional Engineer License.
- 1-3 years of supervisory experience.
